FOR IMMEDIATE RELEASE

Press Release | August 26, 2020

Franklin High School Athletics (Friday Home Football Tickets and Streamline of Game)

Franklin, Ohio: On Wednesday, August 19th, the Ohio Department of Health released a statewide order with respect to managing athletic events and capacity limits. Schools in Ohio will be restricted to 15% capacity based on all permanent seating in each facility. Unfortunately, due to these restrictions, we will not be able to sell reserved seats, season athletic passes or tickets at the gate on Friday night. There will also be NO passes accepted at the gate. Tickets have been sold to the visiting team's participants and our participants have until today to purchase their allotted tickets.

However, we are excited to announce that the Franklin Athletic Boosters and Franklin Athletic Department have finalized a deal to streamline the Home Varsity Football games. Please visit www.franklinathleticboosters.org and make a membership donation so we can continue to do great things like this for our student athletes. A big "Thank You" goes out to Bob Hogan (Franklin community member) and Shawn Stidham of CindaySports.com. We are not only going to have the video of the game streamlined, but Cinday Sports live broadcast will be tied into the video. They also have a goal of streamlining some other events in the future. This is our first time attempting to do this, so please be patient. The link to view this Friday's game is below: The link should go live about 6:45 pm on game nights.
