Re: Remote Learning Sign-up

At its August 10th meeting, the Franklin City Schools Board of Education decided to reopen the parental sign up window for remote learning. The board took this action due to new guidelines for school reopening issued by Governor DeWine. In order to help parents make the best possible educational choice for their children, you may sign up for remote learning by contacting my administrative assistant, Lynn Hetzler at Lhetzler@franklincityschools.com. Please include the following in your email to Mrs. Hetzler: student(s) name, school, grade level, home address and relationship to the student. If you have previously registered for remote learning, you do not need to send any additional information. This opportunity to register for remote learning ends on Monday, August 17 at 2:30 pm. No additional registrations will be taken after that time.

Thank you for your support of your children and Franklin City Schools.

Mike Sander
